

LAMPREY HEALTH CARE

Advanced Directives

Advanced Directives include “living will” and “durable power of attorney” forms that allow you to document your wishes. Making decisions about medical care is not always easy and having everything in writing will help your family when it comes to your care.

At some point, you may become unable to discuss your feelings with your loved ones – long before critical decisions must be made.

If you want to know more about Advanced Directives there are local community resources that can help you:

Southern New Hampshire Medical Center

Patient and Family Services Department

Phone: 577-2586

St. Joseph’s Hospital

Monique Savage

Phone: 882-3000 ext. 63856

Exeter Hospital

Social Service Department

Michelle Anderson

Phone: 778-7311
