

Contribute To Your Community Receive A Tax Credit In Return

New Hampshire businesses have the unique opportunity to contribute to worthwhile nonprofit community, housing, and economic development projects and receive a 75% state tax credit for that contribution through the Community Development Finance Authority's (CDFA) Tax Credit Program.

The Tax Credit Program enables businesses to invest cash, securities, or property to fund economic or community development projects in exchange for a state tax credit that can be applied against the New Hampshire business profits, business enterprise, and/or insurance premium taxes. The credit is equal to 75% of that contribution. In addition, the contribution may be treated as a charitable deduction to the extent the federal law allows. Tax credits may be used at any time during a period of five consecutive years.

For more information on the tax credit program, contact Glenn Coppelman or Chris Conlogue, CDFA, at 603.226.2170 or visit www.nhcdfa.org and click on "Tax Credits Available".

Leverage Your Contribution

A contributing business that makes a \$10,000 cash investment in one of CDFA's approved community or economic development projects, for example, will receive a state tax credit in the amount of \$7,500. After federal tax benefits are accounted for, the contribution actually costs the company about 15% of the \$10,000, or \$1,500. The program is a great way for a business to impact a community by leveraging tax dollars that normally would go to the state and federal government.

Community Projects Supported By The Tax Credit Program

CDFA awards tax credits to a variety of nonprofits for projects that range from creating affordable housing, establishing community facilities, revitalizing downtowns, supporting the creation of new jobs, and helping to retain existing employment for low- and moderate-income New Hampshire residents. These nonprofits then are responsible for raising financial donations from for-profit businesses that have a tax liability in New Hampshire.

A sampling of nonprofits & projects that were awarded tax credits:

- AHEAD, Housing Promotion & Preservation (Grafton/Coos Counties)
- Broadband Infrastructure (North Country)
- Mt. Washington Technology Village (Conway)
- Child Care Center Energy Efficiency Program (Statewide)
- Claremont Community Center (Claremont)
- Flying Yankee Restoration (N. Woodstock)
- Harbor Homes Dalianis House (Nashua)
- Head Start (Keene)
- Housing Futures Fund (Statewide)
- Second Start Energy Improvements (Concord)
- Workforce Housing (Wolfeboro)

Invest in a Better New Hampshire

Boys and Girls Club
Manchester, NH
Providing safe and affordable
after school care

Support important nonprofit projects that create affordable housing, provide credit counseling and job training, enhance child care, and create opportunities for good paying jobs.

In return, you'll receive a credit on your New Hampshire business taxes and great public relations exposure for your company!
